*“Helping our clients merge their search for financial security with their desire to live purposeful and passionate lives is a very complex undertaking. It requires skill, empathy, training, and an aligned team of professionals. The ‘art & science’ of integrating elements of behavioral finance, financial planning, investment and risk management, with traditional tax and estate planning\* is what makes this such a dynamic and rewarding career.”*

Christopher resides with his wife, Annmarie and their four children in Ottsville, PA. They are active in their church and community.

*“Twenty years from now you will be more disappointed by the things that you didn’t do than the ones you did do. So throw off the bow-lines, sail away from safe harbor, and catch the trade winds in your sails. Explore, dream, discover.” - Mark Twain*
